

OBJECTIVE

my only objective is to get placed to a company and give my best to the company and enhance my skills and gain experience, knowledge and work for the benefit of the company. give my 100% to the respective company I'm in and be a best employee with no complaints and with well disciplined and well mannered behaviour of mine. And also join hands with the team and put my skill into it and co-ordinate with the team members. And also the company who gives me placement in their company will not regret for taking me in is my objective.
